[Tony Hawk's Underground 2 Cheats, Hints and Unlockables](#)

Team Hawk vs Team Bam on the World Destruction Tour!

The sport cars fans have the Need for Speed series, racing has Colin McRae Rally, football fans have so many - FIFA, Football Manager, Championship Manager, Pro Evolution Soccer and several others, hockey has NHL and to tell you the truth, there's at least one highly appreciated series for each sport in the world. Since there are so many competitions for skateboarders, why wouldn't there be a great series for this sport too? Not to mention that skateboarding is one of the most entertaining sports, with breathtaking tricks, awesome moves and the weirdest settings. The Tony Hawk series is mainly addressed to the fans of this sport, yet it proves to be an extremely entertaining arcade experience that pleases even those that didn't know until they got in the game what a kickflip is or never imagined they could attempt a 720 Boneless (at least in the game). Tony Hawk's Underground 2 really got to everybody's attention and is considered one of the best titles in the series. Maybe it's due to the fact that the game now has a captivating story that provides you with a goal to all the stunts you're executing. Just as the NFS series, Tony Hawk's titles benefit from an outstanding soundtrack comprising Hip Hop, Rock and Punk songs (I don't know much about Hip Hop, but the Rock section even includes artists such as Metallica, The Doors, Red Hot Chili Peppers or Faith No More, while the Punk features The Ramones and Rancid among others). Underground 2 is still about all-time favorite goals like S-K-A-T-E, secret tape and high scores during the fifteen levels available. The addition is the story mode that also introduces new characters along with brand new catchy goals such as skating on something in order to destroy it, other vehicles rides and the entertaining "Leave Your Mark" action where you show up a nice graffiti anywhere you like. If you want to use a little cheating or want to have a clue on the unlockables in the game you might want to take a look at the followings.
