[Two Greek Hunks Fight Over Paris Hilton](#)

"Stavros Niarchos and Paris Latsis were yelling at each other"

The former and the current boyfriend of Paris Hilton were involved into a fight during a party after the American Music Awards. That is Paris Latsis - the Ex, and Stavros Niarchos, who was almost to become the second Ex, but still is Hilton's boyfriend. According to witnesses, Latsis met the two at the Musicians Rock the Soul bash held at LA hotspot Privilege, and started yelling at Niarchos. An onlooker reported for the Daily Mail: "Stavros and Paris Latsis were yelling at each other near one of the VIP tables. Paris (Hilton) finally dragged Stavros away". Another witness later revealed that Niarchos (that is the actual boyfriend of Paris, not the ex, who started the fight) was being drunk. He was spotted throwing up in the washroom area: "He puked everywhere. He and Paris finally left the party after she got him out of the bathroom and cleaned him up", said the onlooker. It seems that the two got together again, after Stavros Niarchos [dumped](#) Miss Hilton due to the 'Kelly Osbourne Anniversary' event. He blamed Paris for what he and his friends had done, saying she had a bad influence on him.
