Vietcong is a tactical [first-person shooter](#) computer game developed by Pterodon and Illusion Softworks, published by Gathering in April 2003, set during the Vietnam War. In addition to the original game, expansion pack Vietcong: First Alpha was released in February 2004 with some new features, and was bundled with Vietcong as Vietcong: Purple Haze for the PC. Vietcong: Purple Haze was also launched in October that year as an expanded version for [PlayStation 2](#) and Xbox developed by Coyote Games. The player takes on the role, in the single campaign, of Sergeant First Class Steve R. Hawkins, born 13th October 1939, in Wilmington North Carolina. He has been assigned to the Special Forces camp at Nui Pek, situated near where the Ho Chi Minh trail reenters Vietnam from Cambodia, so it is considered one of the most dangerous areas in Vietnam. Steve leads the rest of the Special Forces stationed at Nui Pek, each being under a Sergeant's command and having its own specialties. ([Wikipedia](#))
